

THE ALL IRELAND BOARD OF BALLROOM DANCING

On behalf of the All Ireland Board of Ballroom Dancing I would like to congratulate all those who are attending the WDCAL experience in Disneyland Paris. This is a massive statement made by competitors and supporters of all ages from across the globe in support of everything that is held at the highest level of importance within the World Dance Council.

Freedom to make choices that promote and enhance the world of dance by dancers and for the dance community is a human right and not something to be diluted or made seem insignificant by those whose main aims are to control and manipulate.

This weekend is the start of hopefully a new era in dancing created by the WDCAL and the WDC to give new hope and a renewed confidence to all the WDC family that will grow and strengthen from year to year.

I am a strong believer in freedom to belong, freedom to choose and freedom to make decisions relating to my and all mankind's future without restriction, intimidation or penalisation. I wish every competitor of every level our very best wishes and success in what will undoubtedly be a first class World Dance Council Amateur League experience.

ALAN CLARKE

PRESIDENT A.I.B.B.D.
